Section Number: _____ **Course:** _____ **Units:** _____

Mt. San Jacinto College shall authorize a maximum of twelve (12) Pass-No Pass credit units for students to meet college degree and/or certificate requirements. Students enrolled in basic skills courses may earn up to thirty (30) units of Pass-No Pass credit units. Students enrolled in English as a second language courses and students identified by the district as having a learning disability are exempt from the thirty-unit limitation.

A "Pass" symbol is defined as a grade of "C" (satisfactory) or better. Attendance requirements are the same for students taking the course on a "pass-no pass" basis as those taking the course for a letter grade. The assignment made for students taking the course for "pass-no pass" are the same assignments made for those taking the course for a letter grade.

Although "pass-no pass" grades are allowed in all designated courses, students should be aware that transfer institutions may not accept courses for transfer taken in a student's major. Units earned on a "pass-no pass" basis shall not be used to calculate grade-point averages. 9 " s dea p to cal 1/2 u shose
