Dental coverage you can count on

Your Anthem dental plan lets you visit any licensed dentist or specialist you want with costs that are normally lower

Choice of dentists

While your dental plan lets you choose a dentist, you may end up paying more for a service if you visit a non-network dentist

+ H U H . V Z K \

In-network dentists have agreed to payment rates for various services and cannot charge you more. Out-of-network dentists

do not contract with us and are able to bill you for the difference between the total amount we allow to be paid for the service

and the amount you would pay for the service if you visited a network dentist. For more information, visit [www.anthem.com/dental](#)

How Anthem dental decides on maximum allowed costs

For services from a non-network dentist, the maximum allowed cost is determined in one of the following ways:

• Out-of-network dental fee schedule/rate development, which may be updated based on such things as reimbursement amounts accepted by dentists contracted with our dental plans, or other industry cost and usage data

• Information provided by a third-party vendor that we use to determine the maximum allowed cost for a service
